About Yasn

Modular Outdoor Living Systems for Modern Retail

- YASN is a professional manufacturer and solution provider specializing in modular outdoor living products, with over 20 years of experience in design, manufacturing and global export.
- We focus on Pergola Systems, Modular Outdoor Kitchens and Outdoor Storage Solutions, serving retailers, garden centres, importers and brand partners across the UK, Europe and international markets.
- Driven by innovation, market insight and advanced manufacturing, YASN develops scalable product systems. With strong OEM/ODM capabilities and flexible cooperation models, we help customers build differentiated collections for long-term sustainable growth.

YASN – Building Modular Outdoor Living Systems for Modern Retail.

SYSTEM OVERVIEW

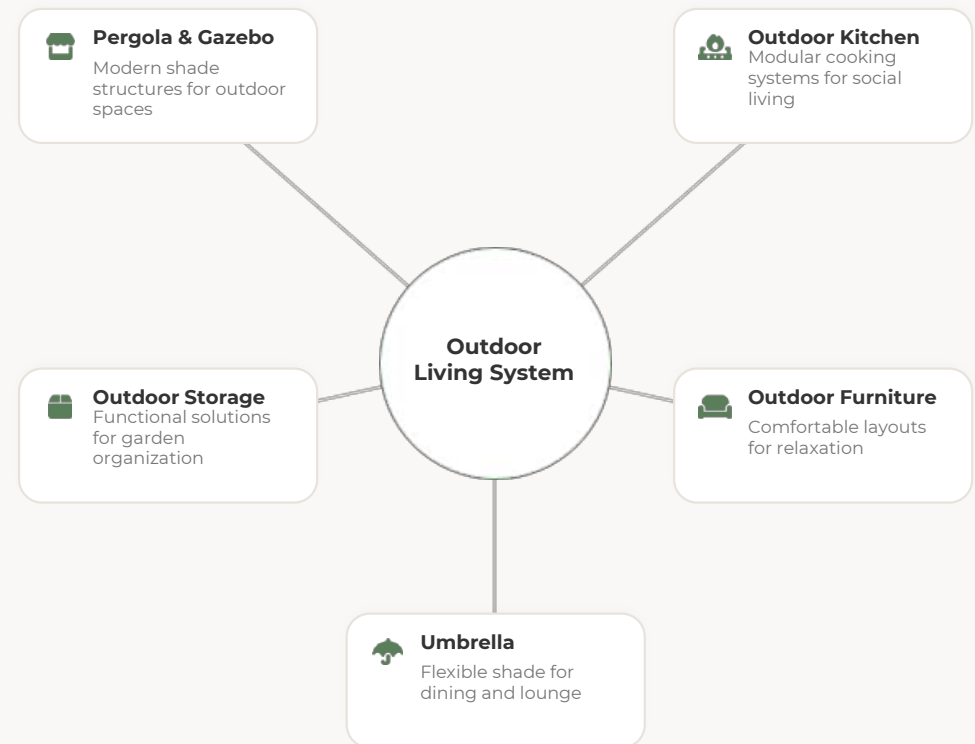

We Build Outdoor Living Systems

From shade and cooking to storage and relaxation, YASN creates coordinated outdoor living solutions for modern gardens and patios.

We don't just supply products.

We develop modular outdoor living systems that help retailers and buyers build a complete category with clear product logic, scalable assortment, and stronger sell-through.

MODULAR DESIGN • RETAIL READY •
SCALABLE ASSORTMENT

05 CORE CATEGORIES

Product Categories

A complete outdoor living assortment for retail, garden center and project business

01

Pergola & Gazebo

Stylish shade structures for outdoor dining, lounge and garden living

02

Outdoor Kitchen

Modular kitchen systems designed for cooking, hosting and outdoor lifestyle

03

Outdoor Storage

Practical storage solutions for organized and efficient outdoor spaces

04

Outdoor Furniture

Comfortable and coordinated furniture collections for outdoor relaxation

05

Umbrella

Flexible shade options for dining, lounge and garden settings

From shade to cooking, from storage to relaxation — YASN builds complete outdoor living collections.

05 KEY STRENGTHS

Why YASN

A reliable partner for building scalable outdoor living business

With strong manufacturing capability, modular product development and market-oriented support, YASN helps retailers and distributors build outdoor living collections with confidence.

01

20+ Years of Manufacturing Experience

Deep expertise in outdoor product engineering, production and supply chain management.

02

Modular Product Development

System-based product architecture that supports assortment expansion and category planning.

03

Retail & Garden Center Ready

Products developed with commercial logic for retail display, program selection and sell-through.

04

Flexible Cooperation Model

Support for OEM, ODM, mixed loading, flexible MOQ and annual business planning.

05

Marketing & Sales Support

Lifestyle images, product renders, promotional materials and coordinated launch support.

MORE THAN A SUPPLIER — A LONG-TERM OUTDOOR LIVING CATEGORY PARTNER

Manual Louvred Pergola

Flexible manual louvre system with multiple material routes and post sizes

Specifications

Operation	Hand Crank
Material Routes	Full Aluminium Hybrid A Hybrid B
Post Sizes	80×80 mm 100×100 mm 120×120 mm
Size Options	3×3×2.5M, 3×4×2.5M 3×6×2.5M, 4×4×2.5M 4×6×2.5M
Finishes	Powder Coated Aluminium Wood-Grain Heat Transfer

Manual Control

Smooth hand crank operation for precise louvre adjustment.

Multi-Material Options

Choose from Full Aluminium, Hybrid A or Hybrid B routes.

Flexible Sizes

Multiple size and post options for a perfect fit in any space.

YS-OP004DL

DC Motorized Louvred Pergola

Motorized louvre roof system with remote operation and two material routes

Specifications

Operation	DC Motorized
Material Routes	Full Aluminium Aluminium Posts + Aluminium Beams + Galvanized Steel Louvres
Post Sizes	100×100 mm, 120×120 mm, 150×150 mm
Size Options	3×3×2.5M, 3×4×2.5M, 3×6×2.5M, 4×4×2.5M, 4×6×2.5M
Finishes	Powder Coated Aluminium Wood-Grain Heat Transfer

Remote Control

Operate with ease at the touch of a button.

Motorized Operation

Smooth and quiet louvre adjustment for any weather.

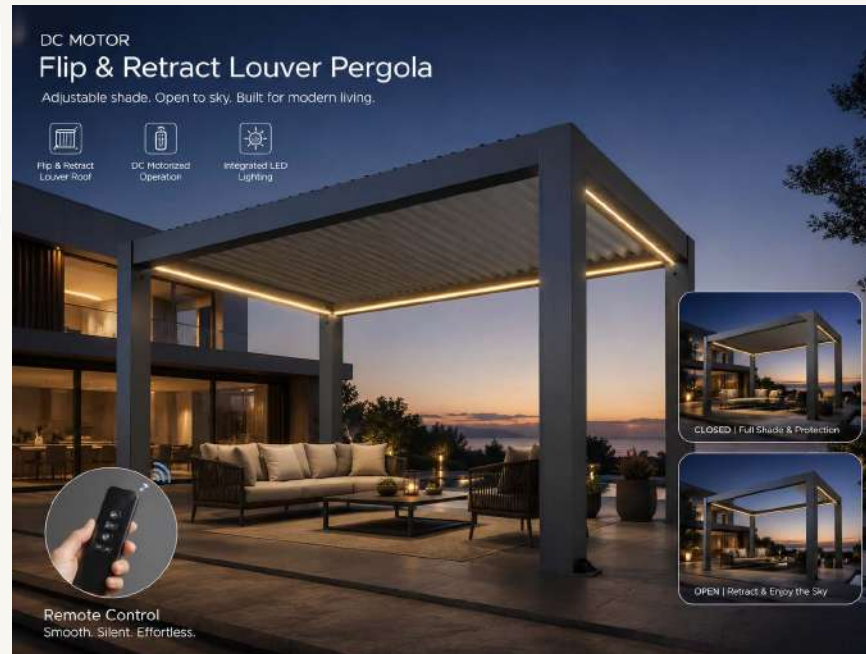

Multiple Post Sizes

Flexible installation with various post size options.

YS-OP004DR

DC Motorized Retractable

Advanced retractable louvre roof system for flexible outdoor coverage

Specifications

Operation	DC Motorized
Material Route	Full Aluminium
Post Sizes	120×120 / 150×150 mm
Size Options	3×3×2.5M, 3×4×2.5M, 3×6×2.5M, 4×4×2.5M, 4×6×2.5M
Finishes	Powder Coated / Aluminium Wood-Grain Transfer

Retractable Roof

Smooth motorized retraction for open sky freedom.

Full Aluminium System

Corrosion-resistant, durable and low maintenance.

Accessory System

Flexible enclosure, privacy and lighting options for pergola projects

MODULAR BINBOX STORAGE SOLUTION

One system. Four configurations.
Standardized cartons for
efficient retail delivery.

A smart modular storage solution for outdoor
waste bins, designed for flexible retail programs
and efficient delivery.

1-4 BIN CONFIGURATIONS

Single | Double | Triple | Four

MODULAR BINBOX SYSTEM

Standardized packing for flexible retail configurations

Four standard cartons can build single, double, triple, and four-bin solutions while simplifying inventory, logistics, and after-Sales service.

Box 1 + Box 2 + Box 3 + Box 4 → Single / Double / Triple / Four

KEY BENEFITS

- 1

Modular Packing
 4 standard cartons create 1–4 bin configurations.
- 2

Easier Inventory
 Fewer carton types simplify stock planning and replenishment.
- 3

Better Logistics
 Smaller cartons improve warehouse handling and delivery efficiency.
- 4

Efficient After-Sales
 Replace the related carton or part instead of a full set.

CARTON COMBINATION MATRIX

Configuration	Box 1	Box 2	Box 3	Box 4	Total
Single	× 1	× 1	× 1	—	3
Double	× 2	× 2	× 1	× 1	6
Triple	× 3	× 3	× 1	× 2	9
Four	× 4	× 4	× 1	× 3	12
